Question: E13-208

OUTCOME: 4: Aged Care and Population Ageing

Topic: HACC Funding in Western Australia

Type of Question: Hansard Page 67, 5 June 2013

Senator: Siewert

Question:

Is it possible to get a list of the organisations that get recurrent funding under the HACC program for WA?

Answer:

Under the terms of the HACC Program Management Manual, the Western Australian Government is required to provide an annual update on funding provided for HACC services in the previous financial year. The report, known as the Annual Project Update, includes both recurrent and non-recurrent HACC funding.

Attached is an extract of the 2011-12 Annual Project Update for Western Australia listing organisations which received recurrent HACC funding in that financial year.
