Outcome Number: Cross

Question No: 304

Topic: Public Service efficiencies

Hansard Page: Written

Senator Smith asked:

Please provide details of the amended operational efficiencies your agency will make as per 2013-14 Budget Measure 'Public Service efficiencies' (see 2013-14 Budget Paper No 2 p108). In addition, please provide the following detail: Can you quantify the estimated savings for each year over the forward estimates for savings achieved by implementing more efficient management structures, through a reduction in expenditure on staff across the Executive Level (EL) 1 and 2, and Senior Executive Service (SES) levels? Can you quantify the estimated savings for each year over the forward estimates for savings achieved by revising down the occupational density target for all new leases, buildings and major fit-outs undertaken by agencies from 16 square metres per occupied workpoint down to 14 square metres?

Answer:

Noting that savings have been redirected in the contingency reserve, pending the fiscal allocation of savings across agencies, FaHCSIA anticipates achieving the savings in line with Department of Finance and Deregulation policy.

Please refer to the response for Question F10 from the Finance and Public Administration Committee.
