**Ref No:** SQ14-000651

**OUTCOME:** 7 - Health Infrastructure, Regulation, Safety and Quality

**Topic:** Health and Hospitals Fund

**Type of Question:** Written Question on Notice

**Senator:** McLucas, Jan

**Question:**

What projects remain to be completed under the Health and Hospitals Fund? Please provide a list of the project and proposed completion date. What projects have been committed to under the Health and Hospitals Fund since March 2013?

**Answer:**

130 projects remain to be completed under the Health and Hospitals Fund as at 1 June 2014. A list of the projects is attached. Given the large number of external factors which can influence the completion of infrastructure projects, completion dates are difficult to ascertain and have therefore not been included as part of the attachment.

Funds for all four rounds of the Health and Hospitals Fund were committed at the time they were announced. No commitments have been made to projects since March 2013.
