Question:

Quite a number of organisations and entities have also had difficulty trying to understand what '150 programs' is, including our Parliamentary Library, so I think a lot of people would be interested in knowing what it is. Does the funding provided in 2014-15 include indexation from the 2013-14 year?

Answer:

Please refer to the responses provided to Questions on Notice SQ14-000830 and SQ14-000834.
