Question:

Provide details of the progress reports if they are not already publicly available or affirming as to whether they are publicly available?

Answer:

Under the terms of the funding agreement between the Department and Football Federation Australia (FFA), FFA were required to provide six (6) progress reports throughout the project period with reporting against agreed milestones, along with a final report on conclusion of the project.

The six progress reports are not publically available, however the final report is publically available and can be found at:

As the Australian Federal Police is currently assessing allegations in relation to this matter, it would be inappropriate to provide any more detail at this stage.
