**Topic: Cross Billing**

**Hansard page: Written**

**Senator Rachel Siewert asked:**

Are these cross invoicing arrangements part of the NDIS transition?  
If so how?

**Answer:**

The cross-billing arrangements existed prior to the introduction of the National Disability Insurance Scheme (NDIS). However given there are strong links between the NDIS and many cross-billing payments, future arrangements for cross-billing are being discussed through NDIS bilateral discussions.
