ANSWERS TO ESTIMATES QUESTIONS ON NOTICE

HEALTH PORTFOLIO

Budget Estimates 2017 - 2018, 30 May 2017

Ref No: SQ17-000700

OUTCOME: 2 - Health Access and Support Services

Topic: National Ice Strategy

Type of Question: Written Question on Notice

Senator: Kakoschke-Moore, Skye

Question:

In response to QON number SQ17-000496 from Additional Estimates the Department advised 'On 3 March 2017, Minister Hunt announced that of \$75m funding per annum (GST exclusive) for drug and alcohol treatment services under the Drug and Alcohol Treatment Program, approximately \$42m is appropriate and effective for transition to PHNs. The remaining funds will be used to continue services being delivered by large organisations over multiple regions and will be directly funded by the Department of Health.'

- a) Who are the 'large organisations' who will be in receipt of the \$33m in remaining funds?
- b) Where are they located?
- c) How much funding has each organisation received to date?
- d) How much funding will each organisation receive in total?
- e) Were these organisations required to tender for the funding?
- f) What are the services that are being delivered by these organisations?

Answer:

a) to d); and f):

The organisations, types of services, project locations, existing funding amount (2016-17) and proposed total value of their funding allocations over the next two years from 2017-18 to 2018-19 are included at [Attachment A](#).

e):

Funding was initially allocated through competitive grants processes in 2006 and 2012 under the former Non Government Organisation Treatment Grant Program (NGOTGP) and the Substance Misuse Service Delivery Grant Fund (SMSDGF) and has been extended annually.

The NGOTGP and SMSDGF have now been amalgamated into the Drug and Alcohol Program.

ATTACHMENT A – Drug and Alcohol Treatment Program activities to be retained by the Department of Health (GST Exclusive)

State	Organisation (Trading Name)	Project Name	Location	Existing Funding (2016-17)	Total value of funding extension (to 30 June 2019)
