Question No: NDIA SQ17-000152

Topic: eMarkets

Hansard Page: Written

Senator Watt, asked:

Please advise on the current status of work on the NDIS eMarket. How much has been spent, what has been achieved, and when will this be ready for launch.

Answer:

The National Disability Insurance Agency (NDIA) is currently reviewing the work on the National Disability Insurance Scheme (NDIS) eMarket in consultation with Department of Human Services (DHS) to ensure that it aligns with the recent work the NDIA has undertaken on the participant and provider pathway review.

The NDIA has spent approximately \$640,000 in FY 2016-2017 on the NDIS eMarket and has delivered, in collaboration with DHS, architectural models and high level requirements of the capabilities that are needed for the NDIS eMarket.

The NDIA remains committed to the eMarket and it will be launched at the appropriate time once developed.
