Question: E10-249

OUTCOME 1: Population Health

Topic: AUDITS OF CSL

Written Question on Notice

Senator Fierravanti-Wells asked:

Further to evidence given at the Estimates hearing, please provide copies of any audit reports, investigations or other inquiries into CSL since 2008.

Answer:

The TGA conducted an investigation into febrile reactions in young children following 2010 seasonal trivalent influenza vaccination which included consideration of products manufactured by CSL. The report is available on the TGA website at www.tga.gov.au/alerts/medicines/flu vaccine-report100702.htm
