Supplementary Budget Estimates 2010-11, 20 October 2010

Question: E10-308

OUTCOME 5: Primary Care

Topic: GP SUPER CLINICS

Written Question on Notice

Senator Fierravanti-Wells asked:

What statistical information does the Department have to show that primary healthcare has boosted by these clinics?

Answer:

The Department is developing an evaluation framework for the GP Super Clinics Program to measure the impact of the GP Super Clinics in meeting the GP Super Clinics Program Objectives.

GP Super Clinics have so far provided over 250,000 services across the country.
