Supplementary Budget Estimates 2010-11, 22 October 2010

Question: E10-332

OUTCOME 8: Indigenous Health

Topic: INDIGENOUS HEALTH

Written Question on Notice

Senator Fierravanti-Wells asked:

Provide a list of all organisations which have had funding (triennial or otherwise) reduced, suspended or terminated.

Answer:

Excluding State Governments and reductions due to underspends by organisations, in 2009-10, three organisations could be categorised as meeting these criteria:

- Nooda Ngulegoo Aboriginal Corporation (Western Australia) – organisation went into liquidation on 27 April 2010;
- Far North Queensland Rural Division of General Practice (Queensland) – funding was reduced as the Outreach GP and Allied Health Program was transitioned to an Aboriginal community controlled health service; and
- Aborigines and Islanders Alcohol Relief Service Limited (Queensland) – funding was not offered due to organisation's insolvent financial situation.
