**Topic:** Leaders for Tomorrow

**Hansard Page:** Written

**Senator Fifield** asked:

What happens to the 200 program participants after the 12 month program? Is there follow-up, support for them to gain employment etc? In other words, how will participants take advantage of the skills they gain through this program?

**Answer:**

Although implementation details of this initiative are still being developed by the Department, it is envisaged that people with disability who are supported through this program would be assisted to find an appropriate organisation in their field of interest where they could utilise their leadership skills.
