Supplementary Budget Estimates 2011-2012, 21 October

Question: E11-432

OUTCOME 11: Mental Health

Topic: MULTICULTURAL MENTAL HEALTH

Hansard Page: CA 84

Senator Fierrvanti-Wells asked:

- a) Is it possible to get a copy of the independent review of the project?
- b) [Then there was another review that was done into financial management issues which is not public.] Would you take advice on that, even if a redacted version of it could be provided to me.

Answer:

a) and b)

The Department of Health and Ageing is currently liaising with NSW Health in relation to the release of the report. We expect that this process will be completed prior to the Additional Estimates hearings in February 2012 and will provide further advice at that time.
