Topic: Delegation to the APEC Women and the Economy Summit

Hansard Page: 20/10/2011 CA69

Senator Fifield asked:

Did the issues covered in the gender training for the overseas delegation relate to issues in Australia or issues in APEC member economies?

Answer:

The issues covered in the gender training are those identified by the United States as the major policy issues requiring attention to address women's engagement in the economy in the APEC region. This training provided an understanding of these issues, which were applied to the Australian context.
