Question:

How much is estimated to be spent on 2013 Graduate Training? Provide details of what training is to be provided, why and the estimated cost for each.

Answer:

The Department's National Graduate Program (NGP) offers participants a comprehensive, accredited and customised training and development program. A mandatory component of the NGP includes the Diploma of Government, with access to specialisation modules aimed to develop skills relevant to all aspects of the Department.

The NGP also allows for the provision of \$2,000 per graduate to be spent on development activities. This allows graduate supervisors the opportunity to refer graduates to a course, conference or other development event specifically tailored to their placement.

The cost for training 2013 graduates is estimated to be \$240,600. Table 1 itemises these costs:
