**Senator Cash** asked:

How many contract managers are currently employed under Program 1.1 and how many were employed in 2010-11? What are the primary and secondary responsibilities of these contract managers? What are their KPIs?

**Answer:**

The State Network Offices are funded by jurisdictions to provide contract management across a range of FaHCSIA programs.

As such, it is not possible to disaggregate FTE by program attributed to the State Network.

The Department has a Performance Management Framework which assists in managing performance at an individual level within the Department. Details of the framework are in the Department's Annual Report 2011-12, page 169.
