Outcome Number: 5

Question No: 219

Topic: DSP Eligibility

Hansard Page: Written

Senator Siewert asked:

Has the Department sought assistance from the Department of Human Services to determine how many people have been affected by the policy changes? If yes, please provide further details including any data sets that have been produced and associated analysis of that data.

Answer:

Initial data is being analysed with the Department of Human Services (DHS). Data collected over the first six months following implementation of the measures is being quality checked and analysed in order to establish a robust data set.
