**Question No: 195**

**Topic:** Contracting Services to Not-For-Profits

**Hansard Page:** Written

**Senator Siewert** asked:

Approximately what percentage of your total staffing resource is allocated to managing not-for-profit contracts, agreements, service provision and other not-for-profit activities? Is it 5% of all staff, or 20%, or some other figure?

**Answer:**

Officers across the Department undertake a broad range of activities which contribute to managing not-for-profit contracts, agreements, service provision and other not-for-profit activities. This work is often undertaken in conjunction with other duties. Therefore, it is not feasible to determine the percentage of total staffing resources allocated to managing not-for profit activities.
