Question Date: 3 March 2015
Question Type: Written

Senator Urquhart asked:

A request for tender for one or more service providers has also recently closed. Can the department outline the difference between organisations who were successful in the competitive round, and a service provider?

Answer:

Under Stream 1 of the 20 Million Trees Programme, grant funding has been approved for individuals and organisations to deliver tree planting projects worth between \$20,000 and \$100,000.

Under Stream 2 of the Programme, a Request for Tender was issued to engage service providers capable of delivering larger-scale tree planting activities, preferably at the national scale or across three or more states / territories.
