**Senator Ludwig asked:**

Since the change of Prime Minister on 14 September, 2015:

1. How much has been spent by each department and agency on the government (Ministers /Parliamentary Secretaries) stationery requirements in your portfolio to date?
  - a) Detail the items provided to the minister's office.
  - b) Please specify how many reams of paper have been supplied to the Minister's office.
2. How much has been spent on departmental stationery requirements to date.
3. Has any customised stationery been requested or provided to the Minister or Ministerial Staff? If yes, please include a photo/scan, detail the type of stationery, date it was requested, date it was provided and the cost.

**Answer:**

Department of the Environment

The Department has spent \$56,154 on stationery since 14 September 2015. This includes stationery purchased by Minister Hunt's office and the then Minister Briggs' office. The following customised items were requested and provided to the then Minister Briggs' office:

- with compliments slips
- office letterheads
- letterhead shells
- note pads

The above items were printed on Conqueror Texture Laid Brilliant White.

To provide the remaining information requested for the specified timeframe would be an unreasonable diversion of resources.
