**Communications Portfolio**

**NBN Co Limited**

**Question No: 205**

**NBN Co Limited**

**Hansard Ref: Written, 14/03/2017**

**Topic: FTTdp distribution**

**Senator Urquhart, Anne asked:**

Please list every electorate where FTTdp will be rolled out.

**Answer:**

nbn does not break down its data by electorate; however, FTTC will initially be rolled out in the former Optus HFC-only footprint which is in parts of Brisbane, Sydney and Melbourne. Following this, FTTC is very likely to be used within other footprints (such as FTTN) in cases where lower premises density and excessive line distances make it a more economical and suitable solution. It will, therefore, be used in varying degrees in many areas.
