Question No: 363

NBN Co Limited

Hansard Ref: Written, 31/03/2017

Topic: Technology Choice

Senator Urquhart, Anne asked:

1. In response to Question on Notice No 140 from Supplementary Senate Estimates in 2016, on Technology Choice the cost to the individual or business of getting fibre optic cable from the node to the premises was \$22,368 per premises. What is the highest and the lowest that Technology Choice has cost?
2. Can you provide the Committee with the list of suburbs or towns in which these 15 Technology Choice customers are located?
3. How many customers have opted for Technology Choice as of the current date? Where are these customers located? – Please provide postcode.

Answer:

1. The lowest cost was \$983. Please refer to QoN 212 for the highest cost.
2.
