Senator Bilyk asked:

Is this paper Australian made?

If no, why doesn't the Department buy Australian made paper?

Answer:

1. Not all of the Department's paper is Australian made.
2. The Department is transitioning to 100 per cent Australian made recycled paper following a cost comparison and value for money decision between 100 per cent recycled paper and 100 per cent Australian made recycled paper. Existing supplies of 100 per cent recycled paper are being utilised first.
