**Topic: Provision of Equipment**

**Senator Lundy asked:**

Is electronic equipment (such as ipad, laptop, wireless card, vasco token, blackberry, mobile phone (list type if relevant), thumb drive) provided to Department/Agency staff? If yes provide a list of what is provided across the Department/Agency, the purchase cost, the ongoing cost and a breakdown of what staff and staff classification receives each item.

**Answer:**

Australia Post provides electronic equipment to staff for business related purposes. The specific details sought about the provision of electronic equipment across the entire corporation are not captured on any central database. As such, Australia Post is not in a position to provide the information requested.
