**Communications Portfolio**

**NBN Co Limited**

**Question No: 295**

**Program No. NBN Co Limited**

**Hansard Ref: In Writing**

**Topic: Monthly Ready for Service Report**

**Senator Urquhart asked:**

Can NBN Co provide a copy of the Monthly Ready For Service Report for Monthly Brownfields rollout for each month since July 2013 deleting any column identified in the answer to the previous question as a forecast?

**Answer:**

This is an internal working document that is only made publicly available to Access Seekers as it contains information which is commercially sensitive and if released could cause harm to NBN Co's commercial arrangements.

NBN Co publishes a weekly progress report on its website, which provides public data regarding rollout activity and progress.
