Answer:

1-3. NBN Co's education expenses for the period 1 March 2014 to 31 May 2014 amounted to \$1,701,635.80. This includes all training associated with the on-boarding of new staff/contractors/construction partners, compliance briefing, technical accreditations, safety, IT systems/processes along with leadership, media and management course expenses. To disaggregate particular items of expenditure across the entire company or to provide the level of detail requested would be very resource intensive and is considered an unreasonable diversion of resources.
