Dear Mr Chapman

Please find attached a letter sent to the Station Manager of KIIS-106.5 FM in response to the interview conducted by KIIS-106.5 FM radio host, Mr Kyle Sandilands, today with the Australian Government Minister for Agriculture, Mr Barnaby Joyce MP.

Mr Joyce believes the content and tone of the interview may breach the Commercial Radio Codes of Practice.

While I understand there is a formal complaint process outlined in the relevant Code of Practice I am advised ACMA is able to initiate its own independent investigations into a matter.

I would appreciate your advice on whether this is appropriate in this circumstance.

Yours faithfully

Diana Hallam
