**Topic: Rollout of NBN in Devonport**

**Senator Urquhart, Anne asked:**

Will the network roll out in Devonport of NBN begin in June?

**Mr Adcock:** I will confirm that very quickly for you. I can confirm that the designs for the start of Devonport have been issued. Whether construction will actually start on 1 June--

**Senator URQUHART:** I did not say 1 June. My question was in June.

**Mr Adcock:** The designs have been issued.

**Senator URQUHART:** The designs have been issued?

**Mr Adcock:** Yes.

**Senator URQUHART:** But you do not know when the rollout will be?

**Mr Adcock:** The period that I just ran through would normally be it, after the design had concluded and approved.

**Answer:**

Construction for the first Server Area Module (SAM) in Devonport (7DER-04) is scheduled to commence in October 2015.
