Question No: 128

Program No. nbn

Hansard Ref: Written, 3/6/2015

Topic: Norwest Business Park receiving Fibre to the Premises

Senator Urquhart asked:

On 13 May 2015, the Minister for Communications announced that Norwest Business Park will be receiving Fibre to the Premises (FTTP).

- a. Why does the NBN Co 18 Month rollout plan, released in April 2015, not show this?
- b. When will fibre be ready for service (RFS) for Norwest Business Park?

Answer:

- a. The plan released in April 2015 shows the Fibre Serving Area (FSA) of 2CAS which includes the Norwest Business Park. The technology for this FSA is described as "Multi-Technology Mix" which may include FTTP where selected based on the business rules applied.
- b. The Service Area Modules (SAMs) in the FSA are planned to achieve RFS in the first half of calendar year 2017.
