Question No: 135

Program No. nbn

Hansard Ref: Written, 10/7/2015

Topic: Milestone of one million premises

Senator Urquhart asked:
On 3 June 2015, the Minister announced that NBN Co has passed the milestone of one million premises serviceable.

As of 3 June 2015, how many premises were serviceable on the technologies introduced as part of the Multi-technology Mix (FTTN, FTTB and HFC)?

Answer:
Approximately 2,800 premises were serviceable on Fibre to the Building (FTTB) technology, introduced as part of the Multi-technology Mix.
