**Senator WATERS:**..... But I am asking about the inclusion of the Minerals Council unverified, wildly inflated claims. Is it the usual practice to include lobby group materials in government RISs?

**Dr Bacon:** I am happy to table a copy of the regulatory impact analysis, if that is useful. I am not sure what particular part of the regulatory impact analysis you are referring to.

**Senator WATERS:** I could find a page number, but I assure you it is in there. Perhaps if you can take that on notice. I am interested particularly in how it ended up being in there and whether the department was asked to put it in there?

**Dr Bacon:** I am happy to take that on notice.
