Question Date: 29 October 2014
Question Type: Written

Senator Urquhart asked:

What approvals would Aquis need to proceed under the Abbott Government's one stop shop approach?

Answer:

In relation to environmental impact assessment, this project is currently being assessed as a one-off accreditation of the Queensland assessment process, under the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act). It is anticipated that the EPBC Act approval process for this project will be completed prior to the implementation of an approval bilateral.
