Question No: 46
Hearing: Supplementary Budget Estimates
Outcome: Outcome 1.4
Programme: Wildlife Heritage and Marine Division (WHM)
Topic: Threatened Species - list of 46 species added to Commonwealth list
Hansard Page: N/A
Question Date: 21 October 2015
Question Type: Written

Senator Urquhart asked:

1. Can you provide a list of the 46 species that have been added to the Commonwealth's list of threatened species between 18 September 2013 and now, the current outlook for those species, and the status of their management plans?

Answer:

Between 18 September 2013 and 26 October 2015, 48 species have been added to the list of threatened species under the *Environment Protection and Biodiversity Conservation Act 1999* (see table below). Information on the current outlook for each species is provided in the approved conservation advice included in the profiles on the Species Profiles and Threats Database (SPRAT) on the Department of the Environment's website at www.environment.gov.au/cgi-bin/sprat/public/sprat.pl. The SPRAT profiles also contain information on the Minister for the Environment's decision on whether to have a recovery plan, and links to any made or adopted plan for each species.
