Question: AET 912-913

Topic: Consultancies (ATO)

Hansard Page: Written

Senator BUSHBY asked:

912. How many consultancies have been undertaken this financial year to date (22 February 2013)? Identify the name of the consultant, the subject matter of the consultancy, the duration and cost of the arrangement, and the method of procurement (ie. open tender, direct source, etc). Also include total value for all consultancies.
913. How many consultancies are planned for this calendar year? Have these been published in your Annual Procurement Plan (APP) on the AusTender website and if not why not? In each case please identify the subject matter, duration, cost and method of procurement as above, and the name of the consultant if known.

Answer:

912. For the purposes of this response, consultancies are classified in accordance with *Financial Management Guidance No.15*. The response provided to question 912 relates only to those consultancies with a value greater than \$10,000, which are published on AusTender as required under the Commonwealth Procurement Rules.
- In 2012-13, to 28 February 2013, the ATO (including the Australian Valuation Office, Tax Practitioners Board and Australian Business Register) has entered into 76 new consultancy arrangements. Details of the new consultancies entered into in 2012-13 are set out in Attachment A.
- In 2012-13, to 28 February 2013, there are 51 ongoing consultancy arrangements. Details of the ongoing consultancies for this period are set out in Attachment B.
913. The ATO makes an allowance for expenditure on consultancies in the budget allocation process each year, but does not plan for a specific number of consultancies.
- There are currently no consultancies planned that are required to be published in the Annual Procurement Plan on AusTender.

Note2: The total contract value has increased due to the extension of a number of consultancies, notably, the IBM contract.
