DEPARTMENT: DEPARTMENT OF INDUSTRY, INNOVATION AND SCIENCE

TOPIC: Coffee machines

REFERENCE: Written Question – Senator Bilyk

QUESTION No.: AI-98

Can an itemised list of coffee machines at departmental premises please be provided including

- (i) make and model;
- (ii) purchase or lease cost;
- (iii) ongoing maintenance costs;
- (iv) ongoing cost of supplying coffee and other consumables?

ANSWER

(i) there are two Melitta Jura X9 coffee machines that were installed into two departmental premises when the department took occupancy in 2006 and 2008.

(ii) the total purchase cost of these two machines at that time was \$12,431.43 (GST inclusive).

(iii) there are no ongoing maintenance costs as neither machine receives any maintenance and will not be replaced when they cease to work.

(iv) the department does not track expenditure to this level of detail. In order to report on this an officer would need to manually review and extract this data. Due to the time this would take the department considers this to be an unreasonable diversion of resources.

N.B. This answer has been updated. Due to an administrative error, the previous answer that was tabled was not the correct version.
