Correction to SI-121 (October 2017) and BI-24 (June 2017)

Dear Senator

In conjunction with the Supplementary Budget Estimates hearing held in October 2017, CSIRO received a written question on notice from Senator the Hon Kim Carr seeking a list of memberships of industry associations or forums held by CSIRO (SI-121).

Since the submission of this answer on 15 December 2017, CSIRO has conducted a review and consolidation of its membership records. As a result of that process it has come to my attention that the information extracted from SAP by CSIRO in our response to this question was incomplete. As a consequence we have now undertaken additional confirmation across the organisation to identify and confirm CSIRO membership of industry associations. I am therefore writing to provide to the Committee a corrected list of memberships held by CSIRO, as at 18 April 2018 (provided at Attachment A).

I would also like to correct the answer provided to BI-24 from the June 2017 Budget Estimates hearing. In updating our data on this matter we have uncovered a typographical error in the response, the corrected answer for this response is that CSIRO has received royalty payments amounting to \$4,316,668 for the six CSIRO Total Wellbeing Diet books produced in partnership with Penguin Books.

It would be appreciated if you could please pass on to the Committee my apologies for any inconvenience this may cause.

Regards
