Industry Skills Council

Question

How was industry engaged to ensure that Industry Advisory Committees allocated to SSOs were structured to ensure the best possible outcomes?

Answer

A subgroup of the Australian Industry and Skills Committee (AISC), chaired by Mr John Pollaers, was established to provide advice on the structure of the Industry Reference Committees (IRCs). The members of the AISC subgroup consisted of industry leaders.

In 2016, the AISC will review the scope and membership of each IRC to ensure appropriate industry representation and coverage.
