Senator Hanson-Young, Sarah provided in writing.

***School funding***

**Question**

How many schools are notionally overfunded currently, according to the Schools Resource Standard? Which of those schools are public and which are private?

**Answer**

There are 135 Approved Authorities that have a 2017 estimated entitlement higher than it would otherwise be if the Approved Authority's entitlement was calculated as being on the Schooling Resource Standard (as per section 32 of the *Australian Education Act 2013*).

Of these, 134 Approved Authorities are in the non-government sector. The ACT Government is the only government Approved Authority in this cohort.
