Department of Education and Training Question No. SQ17-000421

Senator Collins, Jacinta provided in writing

ACARA - MySchool

Question

What additional indicators and data measures are ready for potential inclusion on MySchool?

Answer

The Australian Curriculum, Assessment & Reporting Authority (ACARA) has provided the following response:

In November 2015 ACARA published student attendance data, including a new measure that shows the proportion of students in Years 1–10 who attended school at least 90 per cent of the time, disaggregated by Indigenous and non-Indigenous students. No new indicators or data measures have been added since this and no other indicators or measures are ready for immediate inclusion on *My School*.
