Department of Education and Training Question No. SQ17-000455

Senator Collins, Jacinta provided in writing.

My School website

Question

What additional information would the department like to see added to the *My School* website in the future?

Answer

The Department of Education and Training engaged an independent consultant in 2014 to provide advice to the Australian Government on the *My School* website. This review identified opportunities for improvements, including better targeted information, efficiencies and enhancements. The review and the Government response, 'Making *My School* Better', were released in March 2015 and are available at: www.studentsfirst.gov.au/news/making-my-school-better. Enhancements to the website have been progressively made since.
