**Department of Education and Training Question No. SQ17-000492**

Senator Collins, Jacinta provided in writing

***ACARA - List of schools with 80 per cent students meet the national minimum standard for their year levels.***

**Question**

Can you also provide a list of schools in which 80% of students are meeting the national minimum standard for their year levels.

**Answer**

*The Australian Curriculum Assessment & Reporting Authority (ACARA) has provided the following response:*

ACARA has been directed by Education Council to minimise the risk of publication of simplistic league tables. These are taken to be, broadly, ranking of schools by performance information or school level performance reporting in the absence of contextual information.

Providing the information requested is not consistent with this direction from Education Council.
