**Question**

**Accessing employment services and employment outcomes**

Senator SIEWERT: In answering Senator Back, you gave information around clients who were accessing employment services and employment outcomes. It sounds like you have a full list. You were talking about the top couple by type of disability. Instead of going through the whole lot now, could you provide us with the full list?

Ms Parker: Yes.

**Answer**

Aggregated DES monthly data on referrals, commencements, exits, caseload and outcomes is available on the Labour Market Information Portal ([www.lmip.gov.au](http://www.lmip.gov.au)).

The full list of employment outcomes, by primary disability type, for Participants of Disability Employment Services during the period 1 March 2010 to 31 March 2013 is below.
