Relations**

**QUESTIONS ON NOTICE  
Budget Estimates 2013-2014**

**Outcome 1 - Early Childhood, Working Age and Indigenous Participation**

**DEEWR Question No.** EW0211\_14

**Senator Cash asked on 5 June 2013, Hansard page 53**

**Question**

**Establishment assistance for child care services**

Senator CASH: I want to now turn to establishment assistance. Page 38 of the PBS, it indicates that 250 centres are due to receive start up assistance in each financial year. How many centres have received this support in the 2012-13 financial year to date? Mr Maynard: Unfortunately, I do not have that information with me. I will need to take that on notice. Senator CASH: If you could, that would be good. Could you also provide how much funding each centre received and a list of the particular centres that have received that funding. Mr Maynard: Yes. We will be able to provide all of that information on notice. The eligibility for establishment assistance—as it is one of the payment types under our community support program—is set out in the community support guidelines. It might be best if we provide the relevant section of that, the criteria, to you on notice also. Ms Taylor: And the amounts will differ depending on the circumstances of each centre. Yes, we will take that on notice and provide it.

**Answer**

During the 2012–13 financial year (as at May 2013) the Department has assessed applications and provided Set Up Assistance under the Establishment sub-program of the Community Support Program to approximately 204 child care services with a total funding amount of around \$1.34 million. A breakdown of each service including the level of funding provided is shown in the table in **Attachment A**.

The eligibility criteria for Community Support Program Set Up Assistance payment is taken from the latest version of the Community Support Program Guidelines (June 2013) and described in **Attachment B**.
