Department of Education Question No. ED0260_15

Senator Wright provided in writing.

Question

School visits

Since becoming Education Minister, how many schools has Minister Pyne visited? How many of these have been Government schools and how many have been non-government schools. On notice, can you please provide a full list of the school visits and whether a press conference was held in conjunction with these visits or not? Similarly, how many schools has the Minister visited in South Australia in the same time period? How many were government and non-government and how many were held in conjunction with press conferences or media activity?

Answer

Comprehensive data on all school visits by the Minister for Education is not held centrally by the department.

As part of his role as Minister for Education, the Hon Christopher Pyne MP has visited a number of schools across Australia from both the government and non-government sectors.
