***Mapping exercise associated with Coding Across the Curriculum***

**Question**

Senator O'NEILL: Okay. Can I ask about the mapping exercise associated with Coding Across the Curriculum.

....

Senator O'NEILL: When did it commence?

Dr Atkins: I would have to take the dates on notice.

....

Senator O'NEILL: What was the result of that work? What did it produce?

Dr Atkins: It was a physical report.

Senator O'NEILL: Is that report available publicly?

Dr Atkins: I would have to take that on notice.

Mr Cook: It would not be at this stage, because it would be advice from the department, but we are happy to take it on notice.

Senator O'NEILL: I would be very interested to see it if it is possible for it to be made available.

Mr Cook: Sure. We are happy to take that on notice.

**Answer**

Following a select tender process, the contract with the University of Adelaide to commence the mapping exercise was signed on 22 January 2015.

The result of the contract was a report, *Resource Review & Report Coding across the Curriculum*. The report is not yet publicly available and will be made available on the department's website in the near future.
