Grants - department

Question

Referring to Additional Estimates QoN from 2014–15, SQ15-000052, can this be updated in light of the 2015–16 Budget? Can this version be updated including programs funded under national partnership arrangements such as the Chaplains National Partnership, and also reflect non-government schools specific programs, such as short term emergency assistance and capital funding?

Can the Department provide a breakdown by government and non-government schools, state, territory and electorate for each program where appropriate? Please provide descriptions of each project/program.

Answer

Previous response SQ15-000052 provided the budget estimates as at Budget 2015-16, tabled on 12 May 2015 which is at [Attachment A](#).

Detail of budget, committed and non-committed funding for the 2014-15 to 2017-18 financial years for National Partnerships and non-government specific school programmes is at [Attachment B](#).

A brief programme description of programmes listed at [Attachment A](#) and [Attachment B](#) is at [Attachment C](#).

We are unable to provide the further breakdown of information on government/non-government schools, state and territory and electorate for each programme identified as it is not readily available and it would be highly resource intensive to source.
