Department of Education and Training Question No. SQ15-000582

Senator O'Neill, Deborah provided in writing.

Number of students in each electorate

Question

How many school students are there in each electorate? Please provide this information broken down by primary and secondary school, and by school sector.

Answer

The attached table provides the 2014 full-time equivalent student numbers in Australian schools in August 2014, by sector and level of education. These figures are comparable to those published in the ABS publication Schools Australia; there are differences between these sets of data, caused by rounding. These figures include students that are not funded under the *Australian Education Act 2013*.
