Assumes:

- New arrangements are in place from 2018
- Latest enrolment information.

Notes:

- An approved authority may have schools in more than one state.
- These figures are based on the information provided on the Schools Funding Estimator.
- Total numbers will differ from the 2017-18 Budget announcement which further includes enrolment growth projections.
- The table below provides growth rates for recurrent funding provided through the schools funding model.
- In addition to the table below, additional funding of has been committed to assist schools to transition to the new arrangements, subject to eligibility, including:
 - \$38.6 million over ten years for adjustment assistance to support a small number of non-government schools that will have their Commonwealth funding reduced.
 - Assistance of \$1.2 million over four years for ACT Catholic and Independent schools.
- An additional \$35.6 million over four years for Northern Territory government schools to accelerate evidence based reforms to improve student outcomes for some of our most vulnerable children.
