QUESTION ON NOTICE Budget Estimates 2017 - 2018

Outcome: Schools and Youth

Department of Education and Training Question No. SQ17-000678

Senator Collins, Jacinta asked on 01 June 2017, Proof Hansard page 109

SWD loadings by state and sector

Question

My first question about the students with disability loading is: how much in total is being allocated to the loading this school year, how much in total will be allocated for the loading next year, and could you please break that down into each state and sector?

Answer

The table below provides Commonwealth funding for students with disability loading by state and sector.

2017 funding estimates are based on 2016 schools census information and notional loading allocations as at 2017–18 Budget. Final payments for 2017 will be based on information reported in the 2017 schools census.

2018 estimates are based on the 2016 Nationally Consistent Collection of Data on students with disability (NCCD) and new funding model settings, which are subject to passage of legislation. Final 2018 payments will be based on the 2018 NCCD data.
