

## **Senate Committee: Education and Employment**

### **QUESTION ON NOTICE Budget Estimates 2017 - 2018**

#### **Outcome: Schools and Youth**

#### **Department of Education and Training Question No. SQ17-000796**

Senator Collins, Jacinta provided in writing

#### ***Students with disabilities loading***

##### **Question**

Please provide the estimated SWD loading amount to be paid (total) to each approved authority in 2017, using current legislated settings in the *Australian Education Act 2013*, and the number of students with disability underpinning that estimated loading in each approved authority.

##### **Answer**

The table below provides the Commonwealth funding contribution to the students with disability (SWD) loading and the number of students which attract the loading for each approved authority in 2017.

The 2017 figures are estimated entitlements as at the 2017–18 Budget. The student count is an estimate based on the 2016 Schools Census data and departmental enrolment projections. Census data on SWD is determined by whether the student meets the requirements of the state or territory in which the schools is located for financial assistance to be provided in relation to the student as a student with disability.

The 2017 census data on SWD will inform the final 2017 loadings, with any changes to funding reconciled with the final recurrent schooling funding payments for this year (as per usual departmental processes). The table has suppressed cells where the count was less than six due to privacy concerns.

The SWD loading is not a stand-alone amount. It is fully integrated into the calculation of full entitlements under the *Australian Education Act 2013* and is inextricably linked to the calculation of transition, base funding and other loadings. Therefore the amount provided is only notionally attributed to the loading. The SWD loading is not intended as funding earmarked to be spent on specific students, rather it enables schools to provide education to all students in a way that better supports students with disabilities.

Note that states and territories are the majority funders of government schools and the Commonwealth is the majority funder of non-government schools.

**Table: 2017 estimated notional SWD loading for each approved authority****Notes:**

- Departmental estimates as at 2017–18 Budget
- Data suppressed to ensure privacy for values less than six students.
